A Taylor pre-paid cash card: is a card spent as cash at any marke that has a scann system to except it. A safe way to carry large amounts of cash in a card. The value of the card is worth what you pay for it, less a small user fee. As the card is spent a reciept is given for amount spent and a remaining balance. Use it up, throw away the card and buy another. A cash card used by means of electronic transfer. A plastic card carried in your wallet. The card has a pin # and printed numbers with magnet stripes used to identify the card value. Assorted colors and a barcode for priced cards on the front. Cash Cards have company information and a secondary barcode on the back. A all public cash card, bought and sold to the public, by public markets.
